Daemon Fist: When the Item Identification skill is used on this mace its title is revealed. It is titled with 'A Brilliantly Jeweled Encrusted Mace: The Name "Daemon Fist" is etched in the Metal'.

This item is currently owned by Mahja.

The Crag: This was probably the hardest for Sage Humbolt to relinquish to the hands of a stranger. It's origin is unknown, but it's strength is reknown throughout the land. It has been handed down from family member to family member in Sage Humbolt's family for many generations. Sage Humbolt has graciously sacrificed this heirloom to entice the good citizens to find the items he needs to defeat the liches Lathiari and Kyrnia. Currently owned by Shagrat.

Master of Uzeraan's Riddles: A hat awarded in a quest in 2001. This item is currently owned by Xena.

Special Reserve Vintage: Given out for the Serpent Cross Tavern's (SCT) one year anniversary, many people received one. Since it was such an incredibly long time ago, there are few bottles left. There is also a multiple-bottle item but

for this version the only one existing (lower picture) resides at the Serpent Cross Tavern.

Crystalline Blackrock:

Crystalline Blackrock is a derivative of blackrock. This type was found in the obsidian chests guarded by obsidian wisps during the FoA chronicles.

Retrieved from the chests guarded evil wisps during the FOA Quest. It was once in possession of a thief who belonged to the Brotherhood of the Crimson Knights (BCK), who then left Sosaria for other ventures. Now in possession of Ce'Nedra Willow, she has yet to find a suitable place to display it.

FOA Hero Declaration:

Given to a Dayel Stormcrow, Hagbard, Octal Dragon, and Rainbow King for their outstanding participation in the FOA Quest.

Ruby Slippers: A pair of Ruby Slippers from the Atlantic production of the play "The Wizard of Oz". The play was held on the evenings of the 4th and 5th of February 2000.

Currently in the possession of Ce'Nedra Willow.

Orc War Drums of Wind:

The final goal/prize at the end of a series of orc related quests in early 1998. There were originally three drums - red, white and blue. These were the magic drums used to rally the orcs against Britannia.

Currently owned by Randulf of Trinsic Rangers.

Ancient Robe: A brown robe said to have magical

abilities offered by Nystul
in return for any pieces
of blackrock recovered by
the citizens of Brittainia.
This robe had a large
amount of teleportation
charges. This particular
robe currently belongs to
SegWatch.

Skull of Collam: Unknown.
More information is
required. Currently resides
in the Wintermoor
Collection.

Humbolt Funeral Brazier:
One of two funeral
braziers from podiums at
Sage Humbolt's Wake.
Currently resides in the
Wintermoor collection.
Necklace of Valor: A
reward for vanquishing an
evil black tree in a Seer
run quest in mid 1998.

Sword Blessed by
Aragothias: Gath's
Account: I aquired this
sword from a person
named Seer Narcissus
after the daemon
Phakaebrus perished, from
the treasure vault of
Lord Aragothias. I was
bestowed with it for my
dedication to his campaign
of claiming back the
throne of Covetus for
himself, and ultimately
taking over Britannia.
Although not successful,
he is said to be buried
somewhere in Covetus
where he shall one day
rise again to claim his
rightful position. It is
endowed with power and
it is bound to my soul so
it can never be lifted
off my fallen body, or
stolen. Affected by
localization.

G'Thunk's Fist: G'Thunk's
Fist was awarded shortly
after G'Thunk was
defeated in the depths of

shame. This item's current location is unknown.

The Robe of the Oracle:

The Oracle first appears in our history when she trapped the daemon Nostur'yl in the Abyss and removed his powers, sealing them within enchanted gems. By banishing the daemon, she also trapped herself in Wind, where she remained until her recent death.

Zxytortwp was killed by minions of the daemon Nostur'yl after she was forced to reveal that her death would release Nostur'yl and restore his powers. This artifact was donated to the Vesper Museum by Sunwolf and will remain on permanent display there.

Xerot's Lantern of Illusions: The illusionist Xerot commissioned the construction of a lantern of peerless quality, which he then enchanted. This vessel was used as a container for the flame of shadow, which allowed Xerot to create his shadow creatures. In defeating Xerot, the great red wyrm stole the flame from the lantern, rendering it useless. This artifact will remain on permanent display in the Vesper museum.

Robe of the Empath

Abbey Monk: The robe of Horace the Monk who was slain near Yew by the Stormreaver Orc Clan.

This artifact was donated to the Vesper Museum by William Smit IV and will remain on permanent display there.
